Alex Chen - Software Engineer

Email: alex.chen@example.com | Phone: +1-555-0199 | Page 1 of 1

PROFESSIONAL SUMMARY

Results-driven engineering leader with 10+ years experience building distributed backend systems, cloud architectures, and scalable data platforms.

WORK EXPERIENCE

FinTech Global Systems — Principal Software Architect (2020 – Present)

- Architected high-throughput payment ingestion processing 1.5M transactions daily with 99.999% uptime.
- Spearheaded database partitioning across PostgreSQL clusters, reducing p99 query latency by 45%.
- Partnered with CISO team to implement zero-trust mTLS encryption across 120 microservices.

Alpha Cloud Inc — Senior Backend Engineer (2016 – 2020)

- Engineered multi-tenant Kubernetes microservices handling 25k requests per second.
- Optimized automated CI/CD pipeline in GitHub Actions, slashing deploy duration from 25 to 5 minutes.

EDUCATION

M.S. in Computer Science — Stanford University (2016)

B.S. in Computer Engineering — University of California, Berkeley (2014)

CORE SKILLS

TypeScript, Node.js, NestJS, Go, Python, PostgreSQL, Redis, Kafka, Docker, Kubernetes, AWS
